Inter-Community Business Licenses

Participating Municipalities

For more information contact your local Business Licensing Office:

Eligible Businesses:

Under the ICBL agreement, an eligible non-resident business or a business that does not have a business location in any of the Participating Municipalities may obtain a standard business license from any one of the Participating Municipalities and then may apply for an ICBL. If a mobile business has store-fronts in multiple communities, they must purchase a municipal business license in each of those Participating Municipalities.

Cost:

\$150 in addition to resident business license

The ICBL cost is separate and additional to the Business License cost. Each business owner has the option to purchase the additional ICBL if they will be performing their services in any or all Participating Municipalities.
