Have your say: Take the Communication Survey

Revelstoke, BC - The City of Revelstoke is asking locals about what they want to hear about from City Hall, and how best to deliver that information. The [survey](#) aims to gather information that will inform a new communication and engagement plan.

“Clear and effective communication and engagement is a top priority,” said Mayor Gary Sulz. “We hope residents and business owners take the time to tell us what’s important to them through this survey.”

The communication and engagement survey takes less than 10 minutes. The results of the survey will be used to develop a new communications and engagement plan, provide the City of Revelstoke with information on how to improve how we communicate, and set a benchmark for future evaluations.

The survey closes May 17, 2019. Results of the survey will be shared later this spring. Printed copies of the survey are also available at City Hall. The survey is conveniently located under the “*Newsflash*” on the [City’s homepage](#).
