

**RE: Building Inspection Services**

**April 30, 2019**

**Recruitment Underway**

As you may be aware, there are currently two vacancies in Building Services that we are working to fill:

- Dan Gellein, our former Building Services Manager, recently moved to join his fiancée in Vernon, having landed a job at the City of Vernon. We wish him well!
- We are also excited about recruiting for a new Building Inspections position which began a few weeks ago.

As both of these are priority postings for our team, we have enlisted the support of an external recruitment firm to assist.

The postings can also be found at: <http://revelstoke.ca/jobs.aspx>

**Public Information**

- We recognize how important and necessary building inspection services is to our community – especially given this busy time for construction and that’s why we are doing everything in our power to fill these positions as soon as we can.
- We’ve enlisted the services of a recruiting firm to get the best person for the position.
- We are also looking at other options to help provide building inspection services in the short term including getting some hands-on help from another municipality and or assistance from a private firm that offers building inspection and plan review services.
- We have received some applications and we are in the process of reviewing applicants. This can take a few weeks and an exact start date is unknown at this time.
- If you like, we can keep you posted by email - simply sign up at the front counter and we’ll send you an email once we know more, including when we will be able to start taking appointments for inspections. We will also be posting this on our Facebook page.
- These job postings are on our website. Please feel free to share with anyone you think might be interested.
- Thank you for your continued support and patience!
