## **Revelstoke Forum Open House Event Well Attended**

**Revelstoke, B.C –**

Last night, the City of Revelstoke hosted an open house to update the community on the condition of the current arena facility. We were pleased to have 120 people join us in person and another 264 participate online.

Staff are compiling answers to all questions received. Once complete, these responses will be posted on the arena project page, which can be found here:

[Planning for the Future | TalkRevelstoke.](#)

If you were unable to attend, the full session was recorded and is available for viewing on the City's You Tube: [City of Revelstoke - YouTube](#) or by accessing the following link: <https://rvst.ca/livestream>.

We encourage everyone to take part in the online survey launching on March 2. Your input is important.

“I am very pleased with the turnout last night. Both online and in person. Close to 400 folks joined in for the three-hour open house. Our invited panel members provided a very thorough overview of the challenges affecting the Revelstoke Forum. I want to personally thank the residents for taking time to engage on this very important topic.” Evan Parliament, Chief Administrative Officer.
