## Addressing the Needs of Basin Communities

The Community Initiatives and Affected Areas Programs (CIP/AAP)—CBT’s longest running programs—support projects identified as priorities within individual communities. These programs foster activities that each community deems important, which might not have been undertaken otherwise.

### Funding Distribution

Program funds are distributed once a year to CBT’s local government delivery partners: the regional districts of East Kootenay, Central Kootenay and Kootenay Boundary, and the City of Revelstoke, Town of Golden, Village of Valemount and Ktunaxa Nation Council. Each partner has its own process for recommending and selecting projects for funding.

All areas receive CIP funding and the funds are allocated on a per capital formula. The areas most affected by dam construction under the Columbia River Treaty (those near the Arrow

Lakes, Kinbasket, Duncan and Koocanusa reservoirs) also receive AAP funding.

Creston Valley.
